This detailed plan view shows the proposed alignment for the B14 road project. The route starts at Sauvabonne in the upper left and extends southeast towards La Crau. Key features include:

- Legend:**
 - Crussette
 - Vole verte / Pignons
 - Arêt / quai bus
 - Séparation voies / vole verte
 - Fossé EP à créer
 - Limite empiètement réservé (EP 17m)
- Route Alignment:** The main alignment is shown as a solid orange line, flanked by green areas representing the reserved right-of-way.
- Intersections and Joints:** Several points are marked along the route, including "A14 + M2z à déplacer", "E820 et B14 70° à déplacer", "RD 29 Route de Pierrefeu", "B14 50° à déplacer", and "EB10 à déplacer".
- Topography and Landmarks:** The map includes contour lines indicating elevation changes. Notable landmarks like "Chemin des Aulnes" and "La Crau" are labeled.
- Scale and Orientation:** A scale bar indicates distances up to 10 meters. A north arrow is located in the bottom right corner.
- Project Limits:** "Limite de projet" markers are placed at both ends of the study area.
